Data Notices

Australia

Please note: From the 2021Q2.0 major release, the "Suburb" field, defined by Australia Post, will be moved from Locality to DependentLocality and the wider metropolitan region (or city) will become the Locality. The change will only occur in Verify output components; the address lines will be unaffected and will remain compliant with postal standards.

United States (Verify & CASS) & Puerto Rico (Verify)

Please note: From the 2021Q2.0 major release, the address line containing the "URB" (Urbanization, if present) will be moving *above* the address line containing the premise and street. This is a corrective change to ensure compliance with USPS standards.

For example (2020Q4.1 on left; from 2021Q2.0 on right)

280 Calle 13 NW Urb Puerto Nuevo San Juan PR 00920-2206	Urb Puerto Nuevo 280 Calle 13 NW San Juan PR 00920-2206

These fields are: AdministrativeCounty, FormerPostalCounty, and TraditionalCounty. Please see screenshot below for an example of these fields. Additional information can be found on the support site: <https://support.loqate.com/gb-enhancement-data-fields/>.
