Data Notices

Australia

Please note: From the 2021Q2.0 Major Release, the "Suburb" field, defined by Australia Post, will be moved from Locality to DependentLocality and the wider metropolitan region (or city) will become the Locality. The change will only occur in Verify output components; the address lines will be unaffected and will remain compliant with postal standards.

United States (Verify & CASS) & Puerto Rico (Verify)

Please note: The following update will be delayed: the address line containing the "URB" (Urbanization, if present) will be moving *above* the address line containing the premise and street. This is a corrective change to ensure compliance with USPS standards. We will notify you when this change is available.
