Release Notes - Verify API

2022Q4.0 Major Release

Case Resolutions

Please visit https://support.logate.com/2022q4-0-resolved-cases/ for a list of all cases resolved in this release. If you would like more details on any of the solved cases listed, please contact LogateSupport@qbqplc.com for further information.

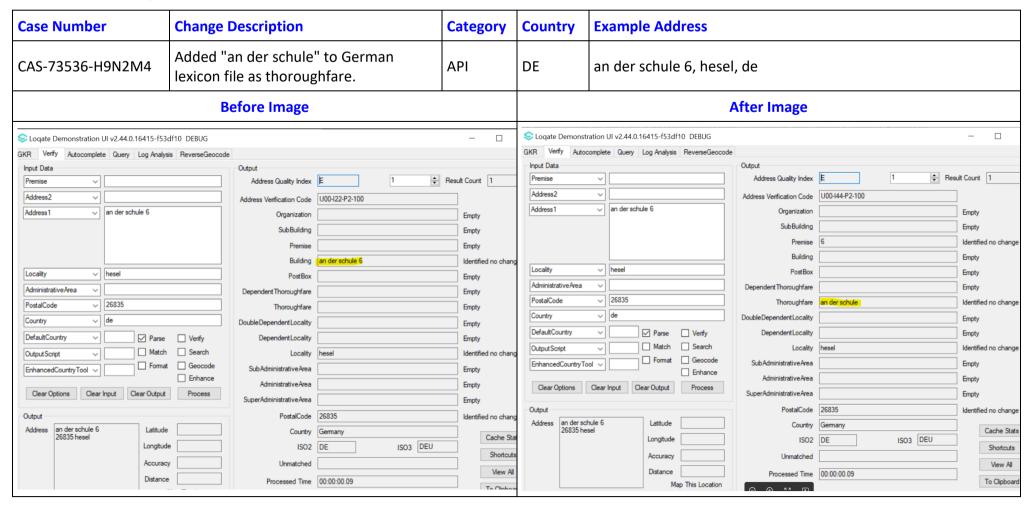

Local API Notices

This is to inform our customers that in this 2022Q4.0 release we have made a major change to the API in relation to preposition handling for Germany along with 2 minor enhancements for Colombia and New Zealand.

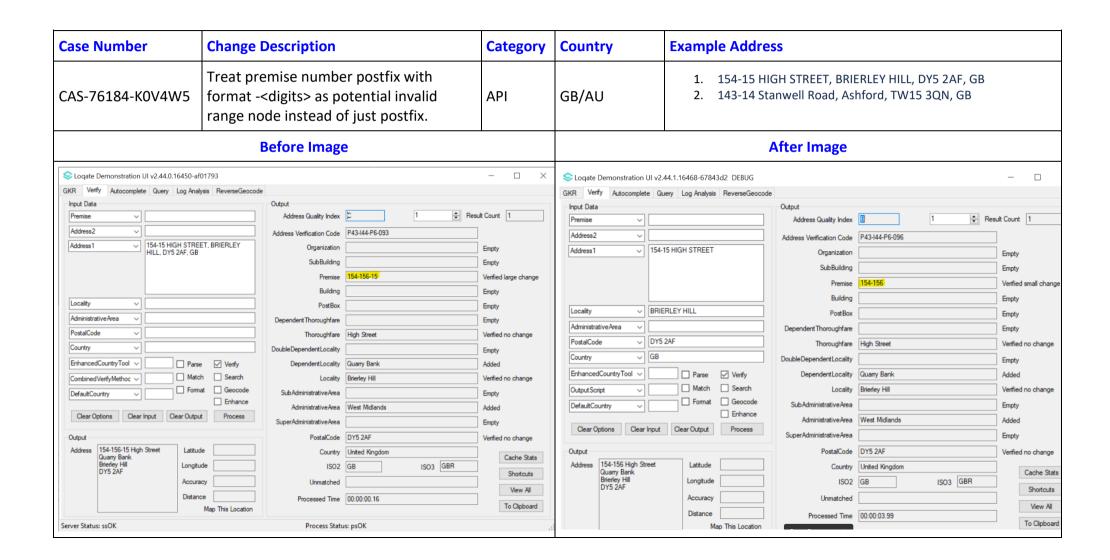

Case Number	Change Description		
CAS-73536-H9N2M4	Added "an der schule" to German lexicon file as thoroughfare		
CAS-76184-K0V4W5	Treat premise number postfix with format - <digits> as potential invalid range node instead of just postfix.GB/AU</digits>		
CAS-41610-W6J3N2	Differences between input and reference data's symbols, spaces and diacritics now matter and would cause result to be alias changed instead of no change		
CAS-79524-F2K5K0	CountryDataImporter bugfix to import data from country.txt to country.lfs correctly		
Internal	Changed the way Loqate detects when a result is CASS related and therefore does not change the casing of CASS fields. This means the casing should work more reliably.		

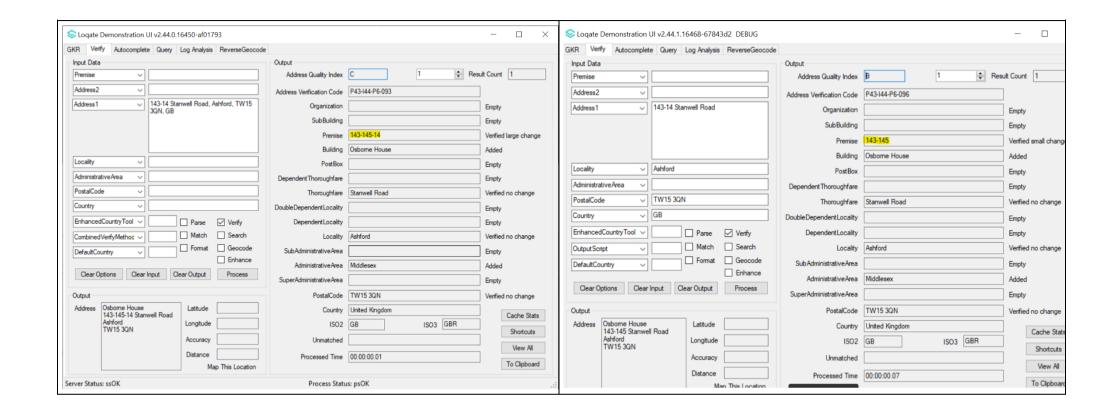

Local API Improvements

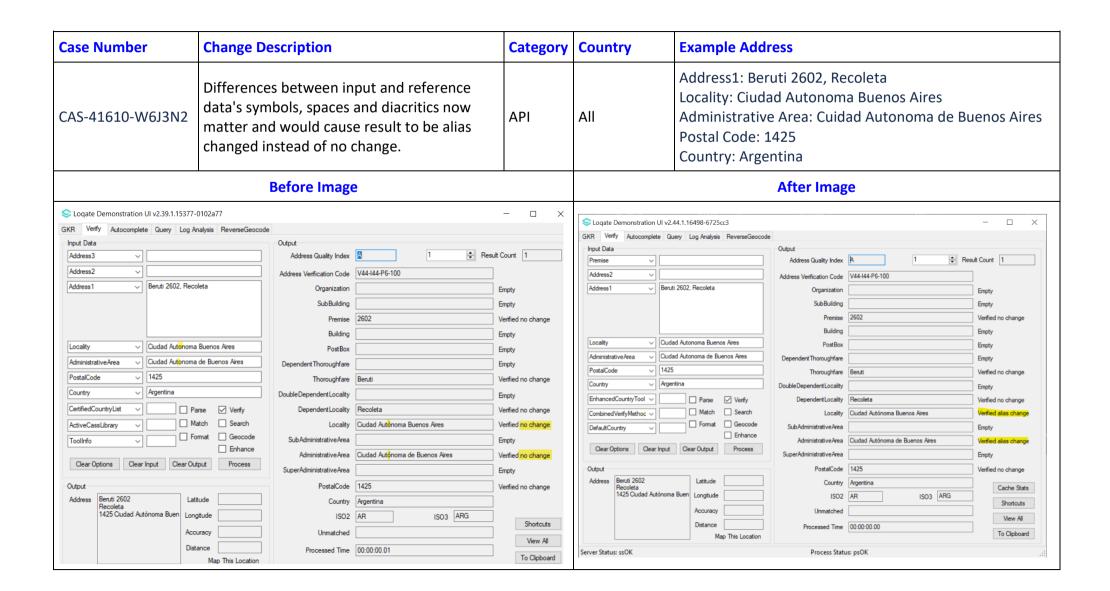

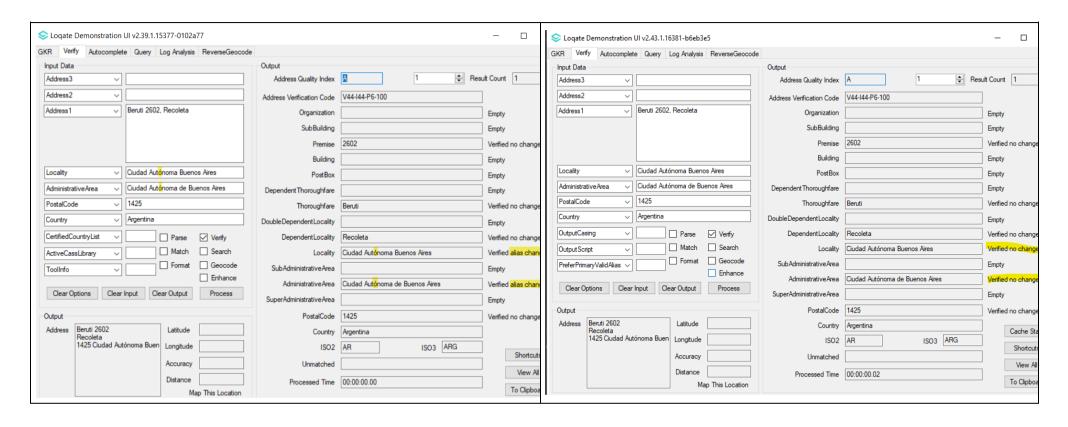

Case Number	Change Description	Category	Country	Example Address
CAS-79524-F2K5K0	CountryDataImporter bugfix to import data from country.txt to country.lfs correctly	API	All	N/A
Before Image			After Image	
N/A			N/A	

Installation Instructions

Please remember to update both the program files and the reference data and **please install these to a new fresh folder location**. The improvements are tied to the data in the Global Knowledge Repository and the Local API. When updating the data, it is recommended to use a new data folder each time to ensure the latest dataset is installed properly.

If you need any assistance with the upgrade of the Local API or the data update process, please contact GBG Logate Support.

The setup wizard for the Local API can be obtained from our SFTP server. Please contact your account manager to retrieve the SFTP information. If you do not know who your account manager is, please contact the support team at LocateSupport@gbgplc.com.
